

When reading the following, it will be important to be thinking of yourself sharing a space with 7 others. Consider that you will be sharing your housing and dining spaces with you. This will be your Cabin Group at Camp.

What is a Cabin Group?

A Cabin Group is the group you will be sharing a table with, in the dining hall, a cabin and hanging out with mostly. It will consist of 6 campers and 2 adult cabin counselors. The campers are able to request (1) one other camper to be in their cabin as long as the other camper requests them also. We attempt to honor all such requests. Campers will not be able to request a particular cabin.

Will there be times I can gather with others?

Our team is working on creative plans on outdoor amphitheater style worship, large circle connections, and big games.

What do we I to do prior to camp?

All those able to receive a vaccine must do so. Others able to get tested must do so and receive a negative test 1-3 days prior to arriving at N-Sid-Sen. In addition, all folks are asked to self-monitor their outside activities 14 days prior to camp. This can include:
Taking and recording daily temperature checks
Self-screening for COVID-19 like symptoms. We will send out a suggested checklist.
Not traveling out of the country.
No close contact with known COVID-19 positive persons.

While traveling to N-Sid-Sen please make only the stops necessary for fuel and bio breaks. You will receive via email all the regular forms and a health check list related to Covid-19. You will receive a check-in time to arrive at camp. Please plan on arriving on time so we can adhere to safety protocols.

What do I need to bring to camp?

We are requesting that all campers bring their own labeled water bottle. (A extra one will be provided for those who forget). We are also asking folks to have a small bag or tote to carry all of their bathroom needs in, because you will not be able to leave anything in the bathhouse between visits. Also, a duffel, suitcase or backpack that can fit under or near your bed is highly recommended as you will not be able to spread your items around the cabin. Please bring enough clean masks for every day, plus 2 extra. Please limit the number of items you are bringing.

What can I expect upon arriving at camp?

Arrive on time for your welcome to camp. All campers and drivers will be temperature checked upon arriving while in their cars. Temperature checks will be happening daily at breakfast times. In your car you will then travel to the nurse where they will meet with youth in an outside tented area. Campers will then be able to unload their bags and your Cabin Counselor will assist you in getting those items to your cabin where you will

find any further information. Parents will be asked to remain in their cars the entire time. We also ask that only 1 parent accompany the camper onto the site.

How will camp be different?

Because it will be shorter, we will not be floating the river this year. Your directors are planning on using the wide-open spaces at N-Sid-Sen for bigger games for all. Look for opportunities to greet other cabin groups from a distance as well as share in big games and activities. Outdoor dining will be the norm for most meals. Cabin groups will arrive at meals in preset times allowing for safe flow for all. We will be setting and wiping tables. Don't worry; you will still get to sweep the floors. We will have rotating opportunities all around camp so that cabin groups will have plenty of space to enjoy all that N-Sid-Sen has to offer.

How will housing work?

We are still working out the details, which is why is why the attached poll is so important. Cabin groups will be assigned a bathroom/shower time for their exclusive use. Each cabin will have the bunks already labeled with names and moved into 6' distance positions. All bunks will also be labeled with a "head" and "feet" tag on the ends of the bunks. This is how each camper will sleep to adhere to the 6' safe distancing. Cabins will be exclusive use of that cabin group.

Can we visit with other cabin groups?

Yes, while wearing masks and social distancing you will be able to share activities with (1) one other cabin group. These will be referred to as "cohort groups" In these groups you will be able to have daily activities, conversations, etc. remembering to limit the amount of time and number of folks involved.

What about transportation?

Unfortunately for safety concerns we will not be able to offer transportation to and from camp. We further request that campers limit any carpooling to only those already in your bubble (People you have been sharing space with in the last 2 weeks). Remember if anyone in a vehicle has a high temperature upon arrival the entire vehicle could be sent home.

What do I need to do after camp?

We are asking folks to continue to monitor their health for 10 days after leaving camp and notify their doctor and the camp if any of the symptoms noted on the health check list arise.

What are the costs and dates?

2021 Jr High rate = \$385. As usual gratitude rates are available = \$435 / \$485
August 12-16, Thursday -Monday

2021 Sr High rate = \$385. As usual gratitude rates are available = \$435 / \$485
August 5-9, Thursday -Monday

How do I register?

We will open registration no later than March 31st. Registration will close July 15th if not already full.
